The application for release of lands may please be rejected on the following grounds.

1. Very large tract of forest land has been released as they became irrigable below the several Bhadra channels.

2. This area lies above the channel and it should be, preserved and large scale plantations formed to avoid silting of channels and to prevent soil.

4. Release of land will render the ever growing population of this industrial town in a very bad circumstance for their fuel and Timber demands and also the cattle will have no grazing grounds.

The representations are resubmitted herewith.
